

Leadership in Medicine Tuition Payment Schedule

LIM students make thirteen scheduled payments to Union College over their four years.

Schedule for all students

LIM students pursuing the B.S./M.S. degree must complete a minimum of 31 undergraduate courses and 10 additional graduate courses at Clarkson University's Capital Region Campus, for a total of 41 courses. Because LIM students will complete these courses at their own pace over the four years, the college has instituted standardized billing for this cohort.

Students will be billed thirteen times by Union College, totaling twelve Comprehensive Fees.

During the first three years, students are billed the Comprehensive Fee for Fall, Winter and Spring.

In the final year, the Comprehensive Fee is billed as usual for Fall and Winter, but the third Comprehensive Fee for that year is split between Summer (Tuition only) and Spring (Room and Board only). This eases fee payment concerns for students who may be pursuing the MBA degree and will be billed directly by Clarkson for those courses in the Spring Term of the fourth year.

LIM students who pursue the MBA take four additional Clarkson classes beyond the required M.S. courses. While the costs of the M.S. courses are included in the twelve Comprehensive Fees charged by Union, tuition for the additional four MBA courses are charged to the student directly by Clarkson in the Spring term of senior year.
